

PORT AUTHORITY OF

THE CAYMAN ISLANDS

PO Box 1358, Harbour Drive, Grand Cayman, Cayman Islands, British West Indies
(345) 949 2055. Fax (345) 949 5820

TO: All Shipping Agents
FROM: Willem Jacobs – Manager of Port Operations
DATE: 07 September 2010
SUBJECT: Flat rack unloading from vessel policy

Due to a recent incident taking place, the Port Authority is left with no option but to implement the following policy:

Any vessel arriving after Friday, September, 10, 2010, containing any flat rack that has straps secured under the flat rack will NOT be lifted from the vessel or moved to another location on the vessel. Any units found to be under the flat rack will not be unloaded from vessel. Should the flat rack be above a hatch preventing the hatch from opening, all units below the hatch will not be unloaded. All units remaining onboard will be returned to the home port. The Port Authority is not responsible for any additional costs/charges, customer satisfaction, liability or damages this may cause. This applies to all vessels and all shipping lines.

Sincerely,

A handwritten signature in black ink, appearing to read 'Willem Jacobs', with a stylized flourish at the end.

Willem Jacobs
Operations Manager – Port Authority
