

**PORT AUTHORITY OF THE CAYMAN ISLANDS**

PO Box 1358, Harbour Drive, Grand Cayman, KY1-1108, Cayman Islands  
(345) 949 2055, Fax (345) 949 5820

**Press Release**

The Port Authority of the Cayman Islands (PACI) having received numerous questions about PACI's involvement in the efforts of the newly launched website [www.caymansportcaymansfuture.com](http://www.caymansportcaymansfuture.com) and a recent televised interview with a member of The Association for the Advancement of Cruise Tourism in the Cayman Islands (ACT), would like to take this opportunity to stop any incorrect inferences that may have been garnered from the aforementioned.

PACI has no role with either of the aforementioned Parties and or their efforts. Therefore, any confusion and or incorrect inference on how the website is laid out and the words and or title used on its front page and throughout its site are in no manner directly associated with PACI. As for the comment/opinion of a member of ACT regarding the proposed Cargo dock, his comments must not and cannot be construed as a reflection in any way whatsoever, of the opinion of PACI and its prudent and dedicated Board Members.

PACI as with any stakeholder remains cautiously optimistic. However, as prudent Board Members, we too are simply waiting on the outcomes of this very involved process. Once the process is completed in an open and transparent manner, PACI will then formulate a formal opinion and course of action reflective of those outcomes.

Nevertheless, PACI remains committed to serving the people of the Cayman Islands with efficient cargo services and offering excellent customer service to the thousands of cruise passengers that visit our facilities weekly.

On behalf of the dedicated members of PACI,

Errol Bush - Chairman
